

1.2 Ton Mini Excavator

T-REX612

Description

Meet the Revaro T-REX612 – engineered for excellence in tight spaces and tough environments. This mini crawler excavator is the ultimate solution for small to mid-scale construction, landscaping, trenching, and utility work. With its smart design and powerful performance, it brings the strength of a larger machine into a highly maneuverable, compact form.

From urban job sites to rugged terrain, the T-REX612 delivers precise control, superior reliability, and unmatched efficiency - making it your go-to excavator for versatility and productivity.

Key Features:

- Compact design for work in confined areas
- Engine options for varying power needs
- Precision hydraulics for smooth operation
- Durable build and easy maintenance access
- Excellent stability and digging performance
