

33 Ton Excavator

T-REX6330

T-REX6330 featuring high efficiency and energy conservation, is mainly used for earth working conditions. The powerful Cummins QSB7 engine and high-end hydraulic system are matched perfectly, which can guarantee the product's reliability and define high-efficiency operation and fuel economy. With strengthened structural parts, this machine is perfect for earth working, road construction and municipal engineering, and allows your digging and loading operations to be done easily.

Specs

Machine Specs	
Operating weight	32700kg
Bucket capacity	1.4-1.6m ³
Travel speed (H/L)	5.0 / 2.9km/h
Swing speed	9.8r/m
Bucket digging force	201kN
Arm digging force	140kN
Engine	
Engine Model	Cummins QSB6.7
Rated power/speed	186/2000kW/rpm
Maximum torque/speed	990/1500N.m
Displacement	6.7L
