

1.5Ton Electric Forklift

FE15

Description

The FE15 is a compact yet powerful 1.5-ton electric forklift designed for exceptional maneuverability in tight warehouse spaces. Its zero-emission electric motor delivers smooth, quiet, and efficient performance, making it ideal for indoor operations where air quality and noise levels are a concern. Built for reliability and ease of use, the FE15 offers excellent visibility, intuitive controls, and low operating costs, ensuring maximum productivity in small to medium material-handling tasks.
